

Project for state convention for our HOPE FOR HEROES program. I was introduced to a member of the Marine Corp League in Denver and they send items to our soldiers on a monthly basis. These items go to the soldiers on the front line in areas where there is conflict. Once I have these items I will take them to him and they do the shipping. (YEAH) He asked that if you are buying any food items to please check the expiration dates and remember if you are sending jerky there can be no pork products.

So you can pick from these items and the chapter with the most items will be rewarded.....

Thank you for helping our soldiers we would not have the freedom and rights we have today. GOD BLESS THE USA
