

*When we are inspired
We see colors a little brighter
Laugh a little louder and
Perhaps love a little deeper.*

This is a statement from last year's speech that I believe rings true for each of us today. Last year I challenged you to change your perspective just a little, just enough to gain back the inspiration you had when you first started. My goal was to have fun!! It was the perfect goal as we needed to laugh and we needed to heal. My role was to motivate and inspire you – challenge you to change your perspective just a little... I can ask you ladies with confidence – did we reach our goal? Yes Mission Accomplished!

We did this because of your willingness to bend and to change just a little, just enough to gain a new perspective. You ladies met me every step of the way. The support, encouragement, and love you gave me is overwhelming. It is something I never expected. My goal was to give. To serve you and motivate and inspire because that is where my passion is. I didn't expect to receive. I didn't expect to feel such bitter sweetness about my ear coming to an end. I am in awe of all the new inspiration you have given me this year.

Thank you to my elected board. Thank you to my appointed board. Thank you to the lamplighters, my mentors. Thank you to my Gamma Chi sisters. And Thank you to all my Colorado ESA sisters. You have been great sports this year.

My elected board gave us great tips on what to do and what not to do when putting on your make up and fixing your hair. I am still am not able to wear any make up to this day. You ladies scare me! You sang your hearts out in a restaurant for a single cookie. Kissed a frog on main street and chased each other around Loveland. Sometimes without closing the car doors. All for our scavenger hunt.

You slapped ridiculous words pertaining to food on your foreheads while your team mates contorted all kinds of ways in hope you would guess the word – monkey bread. Then I asked you to open wide – OH – and keep it there while you said things like. Wild West Women. Perhaps we could have said Pink Light District.

Convention was wonderful! Especially the view once we all got to the lodge. Looking out at the snow covered canvas that God granted us for the weekend. Our extra special guests gave us a glimpse into what life was like in the early days of Colorado. I loved the “resourcefulness” of some of the ladies when it came to generational bingo. It was a prime example that we need young people in our organization. It has been a wonderful journey. We have laughed and we have healed. We are now ready to Embrace the Journey with Kathy Garrison. I leave you with this—

*When we are inspired
We see colors a little brighter,
Laugh a little louder and
Perhaps love a little deeper.*

Thank you!

Love in ESA

It's time to shine

What a GREAT Convention we had. Even with the freakish weather, it was a great time! Thank you Lamplighters for all your hard work! I know everyone is getting ready for their summer trips and taking a breather before I.C. Convention in St. Louis, but please keep in the back of your thinking about running for a State Board position. There are so many benefits and opportunities of being on “the Board”. Getting to know new friends and old ones even better, travel, information, a time to SHINE! Have you ever said to yourself, “I can do that?” Now’s your time to “do that!” If you’ve considered being on the board, in any capacity, please, let me know. Don’t wait

to be asked. I can’t ask if I don’t know you have the interest. Shoot me an email and let me know if your even remotely interested. We can go from there. I have talked with some of you already and I will be in contact with you again in the coming months, but please, don’t wait until February to let me know you are interested in a position. Nomination forms AND A PHOTO must be postmarked no later than February 15. You can email them to me as well. A form is included with this article or you can download one from the Colorado Web Site. Come join me for some fun and excitement next year. You won’t regret it!

CORRECTION Notice to all Sisters: It was brought to my attention that my Membership numbers in my report were incorrect. Although it will not change the outcome of this year’s Membership Awards, I do want to be sure that every new member is credited properly and every Chapter is given it’s due. Because of an overlap in Headquarter’s report period and

our State Council’s, one member from Gamma Chi was not accounted for. Gamma Chi had 5 new pledges and one transfer in this year’s Membership totals. I apologize for the confusion and will ensure going forward, that this information is passed on to future Membership Directors. My sincere apologies to Gamma Chi.

What a wonderful convention. Although some of us had a “small” problem getting there. I especially liked the visits from some of Colorado’s Special ladies. After 16 years on the board it is time for me to say “Adieu, so Long, Good Bye, See you

Later Alligator, etc. You will still see me around, I can now become one of the “worker bees”. Thanks for all the years you allowed me to serve on the board.

A SISTER’S CANVAS - CHAPTER/COUNCIL REPORTS

Embrace the Journey. Twenty six years ago we moved to Colorado and it was a dream come true. I have always loved the mountains and even as a small child thought of them as home. I did not know anyone at that time and was busy with looking for a job and getting our daughter ready for college. Someone came into my life that has changed it forever. I went to work for Joan Schlaefter and she invited me to join ESA and I was introduced to some truly wonderful women. JoAnn Singley was my sponsor and has become my traveling buddy. I would not be here tonight if it weren’t for those ESA sisters. When I sat down to write my acceptance speech I was reminded of an article I had recently found on the subject of life being a journey not a destination. I was amazed that it related all the thoughts that I have had on the subject in such a profound way. I hope you don’t mind if I share this article with you this evening as I couldn’t have said it better. Life is a journey filled with lessons, hardships, heartaches, joys, celebrations and special moments that will ultimately lead us to our destination,

Colorado State President 2017-2018 Acceptance Speech Submitted by – Kathy Garrison

our purpose in life. The road will not always be smooth; in fact, throughout our travels, we will encounter many challenges. Some of these challenges will test our courage, strengths, weaknesses, and faith. Along the way, we may stumble upon obstacles that will come between the paths that we are destined to take. In order to follow the right path, we must overcome these obstacles. Sometimes these obstacles are really blessings in disguise, only we don’t realize that at the time. Along our journey we will be confronted with many situations, some will be filled with joy, and some will be filled with heartache. How we react to what we are faced with determines what kind of outcome the rest of our journey through life will be like. When things don’t always go our way, we have two choices in dealing with the situations. We can focus on the fact that things didn’t go how we had hoped they would and let life pass us by, or two we can make the best out of the situation and know that these are only temporary setbacks and find the lessons that are to be learned. Time stops for no one, and if we allow ourselves to

focus on the negative we might miss out on some really amazing things that life has to offer. We can't go back to the past, we can only take the lessons that we have learned and the experiences that we have gained from it and move on. It is because of the heartaches, as well as the hardships, that in the end help to make us a stronger person. The people that we meet on our journey, are people that we are destined to meet. Everybody comes into our lives for some reason or another and we don't always know their purpose until it is too late. They all play some kind of role. Some may stay for a lifetime; others may only stay for a short while. It is often the people who stay for only a short time that end up making a lasting impression not only in our lives, but in our hearts as well. Although we may not realize it at the time, they will make a difference and change our lives in a way we never could imagine. To think that one person can have such a profound affect on your life forever is truly a blessing. It is because of these encounters that we learn some of life's best lessons and sometimes we even learn a little bit about ourselves. People will come and go into our lives quickly, but sometimes we are lucky to meet that one special person that will stay in our hearts forever no matter what. Even though we may not always end up being with that person and they may not always stay in our life for as long as we like, the lessons that we have learned from them and the experiences that we have gained from meeting that person, will stay with us forever. It's these things that will give us strength to continue on with our journey. We know that we can always look back on those times of our past and know that because of that one individual, we are who we are and we can remember the wonderful moments that we have shared with that person. Memories are priceless treasures that we can cherish forever in our hearts. They also enable us to continue on with our journey for whatever life has in store for us. Sometimes all it takes is one special person to help us look inside ourselves and find a whole different person that we never knew existed. Our eyes are suddenly opened to a world we never knew existed – a world where time is so precious and moments never seem to last long enough. Throughout this adventure, people will give you advice and insights on how to live your life but when it all

"Life is not a race - but indeed a journey. Be Honest. Work Hard. Be Choosy. Say 'thank you', and 'great job' to someone each day. Go to church, take time for prayer. The Lord giveth and the Lord taketh. Let your handshake mean more than pen and paper. Love your life and what you've been given, it is not accidental ~ search for your purpose and do it as best you can. Dreaming does matter. It allows you to become that which you inspire to be. Laugh often. Appreciate the little things in life and enjoy them. Some of the best things really are free. Do not worry, less wrinkles are more becoming. Forgive, it frees the soul. Take time for yourself ~ Plan for longevity. Recognize the special people you've been blessed to know. Live for today, enjoy the moment." ~Bonnie Mohr And finally, 'Embrace the Journey' but before you ask which way to go, remember where you've been.

Greetings Colorado Sisters! What a great time we had at convention. The Lamplighters did a fantastic job of taking us back to the old west with visits from some very special guests! This was a perfect way to wrap up year of fun and inspiration lead by Kathy E. Her meetings were fun and educational and I

comes down to it, you must always do what you feel is right. Always follow your heart, and most importantly never have any regrets. Don't hold anything back. Say what you want to say, and do what you want to do, because sometimes we don't get a second chance to say or do what we should have the first time around. It is often said that what doesn't kill you will make you stronger. It all depends on how one defines the word "strong", it can have different meanings to different people. In this sense, "stronger" means looking back at the person you were and comparing it to the person you have become today. It also means looking deep into your soul and realizing that the person you are today couldn't exist if it weren't for the things that have happened in the past or for the people that you have met. Everything that happens in our life happens for a reason and sometimes that means we must face heartaches in order to experience joy. Life is indeed a journey and on any journey one must have a tool to keep them heading in the right direction. That tool would be a compass. **Webster's definition of a compass is "a device that is used to find direction by means of a needle that always points north". Webster also defines a compass as "something that helps a person make choices about what is right, effective etc."** When I think of it in terms of ESA I think of the women that have led us in the past and how they have kept us on the right path and keep us pointed in the right direction. They are the compass for our journey in ESA. This is why I have chosen the compass as my symbol. This past year we have been inspired and have learned to adjust our perspective when we get caught up in little differences that can cause us to become discouraged. As we continue on this journey it is up to us to keep the light burning in the lamp of learning and continue to build lifelong relationships. I have met some amazing women on my journey to this night. They have been an inspiration to me and I will forever hold them in my heart. ESA is the organization it is today because of these strong women who have laid the foundation. As we continue on this journey together I would like to share a thought that I have framed in my home. It is something that I try to use every day because it is so true.

Welcome Message from CSC President 2017-2018 Submitted by – Kathy Garrison

don't know when we have laughed so hard! Kudos for my Elected Board otherwise known as "the gang that couldn't shoot straight" for their participation in the Friday night skit! Boy was that fun!! Thank you for electing me as your president this year. I am excited to be representing the state of Colorado

at International Convention in St. Louis. I am looking forward to all of the events that will be taking place this year. I am honored to represent our beautiful state of Colorado and share our stories with members from around the United States. I will share my experiences with you with more details about IC in the upcoming issues of the Golden Lamp. I have received some Officer Change forms from chapters. If you have not yet sent it in please send it or email it to me by **June 30th**. I will be working on the yearbook as I receive the information. I have the registration form here for Fall Board. I am also putting it

A GREAT BIG THANK YOU to everyone who participated in the collection of gift cards - Councils, Chapters and individuals - for RMRC's purse to be auctioned during the ESA Foundation Fun Fest at IC Convention coming up in July! Each of the 5 states belonging to the RMRC committed to contributing at least \$50. I am so pleased to tell you that Colorado's contribution totaled \$420!! That is so terrific! All the money raised at the Fun Fest Auction is committed to ESA Scholarships which helps students all across America! So don't

Theta Eta Chapter members elected new officers for the 2017-2018 term at our April meeting. Our philanthropic efforts continued with the decision to give blankets to the Swedish Hospital Cancer Center. Shoes were collected and donated to the "Soles For Souls" project. We also gave an Easter basket to a needy family. Our nut sales are ongoing and we discussed other ways to raise funds next year so that we can continue our due diligence for our charity work. On April 13th, we toured the Colorado Bureau of Investigation (CBI) as a most interesting Educational. Founder's Day for Epsilon Council was held on April 22nd at Mims Restaurant. Our May meeting was the final one for the current year's officers. It was reported that we gave a \$50.00 grocery/gas card to the homeless family living in their

April was a busy time with all the Founders Day events. JoAnn and Kathy traveled the state visiting with ESA sisters enjoying the different venues. Northeastern Colorado Council's theme was "Rosie the Riveter" and some of the members family participated in that war effort. Epsilon Council's luncheon was at Mimi's in Lakewood. We enjoyed a delightful lunch and installed the 2017-2018 officers. We prepared 20 Easter Baskets for Hope House this year. This is always a fun project. We are already planning for our Holiday Tea which will be one week later this year on **Saturday, December 16, 2017**. Our Mother's Day Luncheon was held at the Bistro in Aspen Grove. Rita Martin and Chloe McClantoc joined us for a festive afternoon. Vickie Chavers-Bruso presented service awards to

on the website. The dates are September 22, 23, 2017 in Montrose at the Ute Indian Museum. They have a beautiful new meeting room with views of the San Juan Mountains. Details are on the form. I encourage everyone to try and attend on Friday night and Saturday. We are planning some surprises for Friday night and something very special for Saturday. I hope you all have a wonderful summer. Please contact me if I can help with anything. As we continue on this journey together let's make some great memories.

car in Lakewood. Four members helped with a mailing for Easter Seals. It was decided that three members will shop for school supplies for the Action Center in July. We voted to spend \$75.00 for towels to take to State Convention for the Easter Seal Camp. One of our members, Gert Ohlander received an award from the Arapahoe County Sheriff's Department for her outstanding volunteer work! Congratulations, Gert! Our Mother-Daughter, Installation Brunch was held May 7, at Pinehurst Country Club. Six members attended State Convention in Allenspark, Colorado. Since this is the final report until next Fall, Theta Eta wishes all of you a safe, healthy, relaxing and enjoyable summer!

JoAnn and Kathy for 40 and 25 years of service. What a great time we had at convention! After a surprise snowstorm dumping over 3 feet of snow at the lodge, we had a very cozy weekend. Our own Kathy Garrison was installed as the 2017-2018 President in a beautiful installation presided over by Cindy Powers and Gertie Chapin. JoAnn Singley and Vickie Chavers-Bruso were also installed as the new Corresponding Secretary and Parliamentarian. Congratulations to all. We will be breaking for the summer, but Kathy and Joann will be attending International Convention in St. Louis in July. We will be anxious to hear all about their trip and Sandy's installation as IC President.
